

Introducing, fresh, authentic, Mexican GOURMET TORTILLAS

Canadians have warmly welcomed tortillas into their growing ethnically diverse diets but have been subject to a pale, chewy, preservative-laced version.

AlbaLisa Gourmet Food has developed a new line of tortillas for people craving authentic Mexican flavour. **Alba Lisa Rustic Corn Tortillas** are a hand-made style tortilla made with high quality corn flour, pressed using traditional methods.

Alba Lisa Par-Baked Flour Tortillas also use similar high quality ingredients, but are a unique in the market place because they are par-baked. The consumer finishes off the tortilla in a dry pan. In less than 20-seconds they have a fresh cooked flour tortilla that rivals bread right out of the oven.

Proprietor Alba Lisa traveled the world teaching at international schools. Wherever she went, she brought her family's tortilla press and made what she loved most about her Mexican Heritage: Tortillas. When traveling, Alba's dream was to settle in Toronto and contribute to the city's culinary diversity by preparing the best corn and flour tortillas ever tasted.

Alba Lisa high quality, authentic, fresh and delicious Mexican products:

AlbaLisa Tortillas are being sold at fine food stores throughout the city.
