About Nimkish

Nimkish began as the dream of two young sisters, born and raised in the northern hills of Simla, India. Dinner for them was the most important part of the day, a time to come together as a family and bond over a fresh, flavourful meal. Having become accustomed to the natural and fresh tastes of their everyday meals, the girls decided they would one day share the secret of their mother's kitchen with the rest of the world. After immigrating to Canada, one of the sisters found she missed the tastes of her home so much, she made it her goal to reproduce those same flavours in her own kitchen. The sisters exchanged recipes from afar and made their dreams a reality with the creation of Nimkish. Today they are proud to share with you, flavours from their family to yours!

Nimkish specialty products include tangy chutneys, seasoning rubs, marinades and salsas all made with the finest, freshest and natural ingredients from India. Delicious chutneys are a great condiment with breakfast, appetizers, or any entree. Our pure blend of herbs and spices creates authentic flavours to be savoured by all. Ready to rub seasonings can be added to poultry, meat, seafood or any vegetable before grilling, giving your meal a little extra tang.

Give your family the best with an all healthy Nimkish products!
