Paesana's Story.....The name Paesana signifies friendship, warmth and caring, which is what the Scaramelli family is all about. The peasant girl is symbolic of Old World Italian charm, representing a quality sauce unlike any other. Paesana was founded in 1902 by Luigi J. Scaramelli, Sr., who began Scaramelli & Company., a wholesale grocery business in Boston and New York.

Today, our family continues with the tradition of a true, old world pasta sauce, zesty, robust and absolutely delectable! Our sauces along with our entire product line are very rich in flavor and made from the finest ALL NATURAL ingredients. It's that special, personal touch that you'll find in a family-owned and operated company that makes all the difference. And why our many of distinctively delicious produced products have earned the coveted American Taste Award presented by the Chefs of America.
